

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

🕒 20 minutes

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

 20 minutes

Automatic
detection of
traffic signs
on road

Condition of
the vehicle
is checked
regularly

Tracking wheel
assembly and
adaptive brakes
and coast if
assembly wheel
was detected

Limiting the
speed of
the vehicle

Detecting
slippery and
unusual
roads

Side mirrors
are opened
automatically
when car is
started

Monitoring the
temperature
of the engine
throughout
the journey

Basic
knowledge
about road
signs

Avoid drunk
and driving

Looking at left
and right side
of the road
while crossing

Detecting
distance
between two
vehicles to
prevent forward
collision

Alert when
seat belts
are not
fasten

Tracking
nearby
vehicles
beforehand

Automatic
headlight that
changes the
intensity of light
depending on the
place information

Indicator for
automatically
turned off
when the turn
is complete

Automatic
braking when
the vehicle in
front applies
sudden brakes

TIP

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

🕒 10 minutes

TIP

You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

VIKRAM PANDIYAN N

Automatic detection of traffic signs on road

Condition of the vehicle is checked regularly

Tracking vehicle status and location and send it to the user if needed

Limiting the speed of the vehicle

RAJKUMAR R

Detecting sloppy and unusual roads

Side mirrors are opened automatically when car is started

Monitoring the location of the vehicle throughout the journey

Basic knowledge about road signs

VISHAK R

Avoid drunk and driving

Warning at left and right side of the road while crossing

Warning between two vehicles is present in front

Alert when seat belts are not fasten

DINESH KUMAR D

Tracking nearby vehicles beforehand

Adaptive headlights that change the intensity of the light depending on the place and weather

Indicator for automatically turned off when the turn is complete

Automatic braking when the vehicle in front applies sudden brakes
